

Agility Run thrus started October 27, 2009. We are changing the format slightly and Corrine Dreyfus will be the lead for organizing them each week. As always - if it looks like rain, you need to make up your own mind on whether the run thru will happen or not. At the new field, if its wet - do NOT drive out in the grass, take it from personal experience you will get stuck (its not fun). Here is how we will do run-thrus in the future, please be mindful of the new "rules" if you choose to participate. If you are not sure if you should/can participate please contact: [agility@madoc.org](mailto:agility@madoc.org).

\*\*\*

Run thrus will be held on Tuesday evenings, from 6:00 – 7:30 pm. We will use Open level courses, so that all levels of teams should be able to run the course. We'll try to alternate Standard and JWW courses every week.

The first 45 minutes will be for straight run thrus. Please be considerate of other teams, and limit your "training on the field". To participate in run thrus, your dog must be performing all obstacles at the full height.

The second 45 minutes will be reserved for folks that would like a little extra help, or coaching, from the more experienced handlers. You will be able to ask questions, and receive input from others. You will be able to try different handling techniques on parts of the course, and will have time to train short sequences multiple times.
